

Personalised Care Training Opportunity

‘Planning for what matters most’

Partnering with patients to co-produce **Personalised Care and Support Plans (PCSP)**

- ✓ Supports NHS Comprehensive Model of Personalised Care
- ✓ Cost free training
- ✓ 3 CPD Hours
- ✓ PCI Accredited

For more information or to enrol, please contact:

traininghub@taurushealthcare.co.uk

Please note: training is delivered virtually via the Primary Care Training Hub LMS system but can be delivered face to face in PCN teams on request.

PCSP is targeted at staff who develop and/or update care and support plans with patients. Getting personalised care and support planning right is essential for people to gain more choice and control over their life and the support they are receiving to manage their health

This trainer-led, interactive 3 hour session will cover:

- Benefits of PCSP and the key elements
- High quality vs sub-optimal conversations
- Quality standards and distorted perceptions
- Conversation frameworks with structured stages
- Developing personalised outcomes
- Challenges of goal setting
- Application to practice

Training developed in partnership with PCI accredited training provider TPC Health and the Midlands Training Collaborative.
