

LEDBURY HEALTH PARTNERSHIP

We are seeking
an enthusiastic
and innovative
salaried GP

Ledbury Health Partnership are offering an opportunity to join our friendly, forward thinking and supportive team. Due to retirement and a growing list size, we are looking to recruit one or two enthusiastic and innovative salaried GP's who share our ambition, values and commitment to patient centred care.

We are offering something a bit different, a build-a-GP-role with a sliding scale of responsibility. Maybe you are recently qualified? Moving towards retirement? Interested in the GP Retainer Scheme? Have other commitments? Or love being a GP, but want to better control your work-life balance?

This is a role that values flexibility, where you can choose how much responsibility you have and we adjust your salary on a sliding scale.

We are offering a competitive salary to include medical indemnity, which is covered by our practice group scheme. Informal enquiries and visits to the practice are very welcome.

About the Area

Practice situated in the beautiful market town of Ledbury at the foot of the Malvern Hills, surrounded by idyllic countryside.

Excellent transport links (train station, bus services, M50 providing direct link to M5 for travel from Birmingham or Bristol)

Excellent schools within the area and a wide variety of housing options available

Close knit rural community with a great sense of community spirit!

About the Practice

Practice Population of 13300 and our practice covers the town of Ledbury itself plus the surrounding villages and hamlets.

5 Partner GP Team supported by multidisciplinary clinical team of Salaried GPs, Nurses, HCAs, Paramedics, ANPs, Physicians Associate, Pharmacist and Pharmacy Technician, First Contact Practitioner and Care Co-ordinator

Values: peer support, high quality patient centred care, innovation, continuous service improvement, compassion and good humour!
